

In helping you help your organization succeed, SacE is committed to:

- Building a strong network of professional change-agents
- Emphasizing continuous learning
- Exploiting the best latest techniques & technologies
- Helping individuals and organizations help themselves achieve success
- Exposing members of the top performing organizations and the people who run them

SacE is affiliated with the California Council for Excellence,™ which administers the California version of the MBNQA—the California Awards for Performance Excellence.™ SacE participates with CCE in sponsoring educational and enrichment events for the benefit of members of both organizations.

Are you leading your organization into the future?

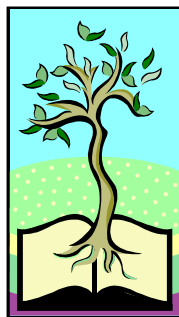

TO BE THE BEST, YOU MUST COMPARE YOURSELF WITH THE BEST

Helping to build organizational systems that stand the test of time takes time. And it also takes careful study of those who have gone before and have succeeded. That is at the heart of SacE's mission: To create a stimulating and rewarding environment where professionals can share knowledge, best-practices and take that back to our workplaces.

SAC E IS ABOUT ACQUIRING AND USING KNOWLEDGE

SacE focuses on gathering knowledge in the following eight areas.

1. Quality Standards
2. Organizations and their functions.
3. Quality needs and overall strategic plans
4. Customer satisfaction and focus
5. Project management
6. Continuous Improvement
7. Human resource management
8. Training and education

SacE Vision

"Our community is unified in our dedication to and achievement of performance excellence."

SacE Mission:

"To support organizational excellence through leadership, networking and educational programs."

LEARN FROM THE BEST

SacE's educational programs and workshops bring together top California executives from successful organizations to share their knowledge and expertise. In an informal setting, participants have an opportunity to interact with these executives and bring back knowledge that can be put to work right away.

DON'T PAY YOUR DUES

SacE relies on the generosity of sponsor organizations to provide cost-effective learning opportunities for its members. Therefore, there are no membership dues. Admission charges for events are set to recover only the actual costs of the event. Members of the California Council for excellence (CCE) are however automatically members of SacE and are eligible for discounts on CCE products, programs and events.

BUILDING A STRONG NETWORK OF PROFESSIONAL CHANGE-AGENTS

Indispensable to the future of any organization, "change agents" are professionals who are well-rounded in the principles of Total Quality Management, strategic planning, project management, performance measurement and managing change. SacE is dedicated to bringing these leaders together to learn from each other, share best practices and inspire others to take up the cause of organizational performance excellence.

EMPHASIZING CONTINUOUS LEARNING TO EXPLOIT THE BEST NEW TECHNIQUES & TECHNOLOGIES

Being a successful change agent means staying current with the latest techniques and technologies. SacE is dedicated to keeping members abreast of leading-edge trends in performance excellence. This means exposing members to some of the most renowned experts in the field, as well as practitioners who are finding success under real-world conditions.
